Purpose

The purpose of the INGOLD SOLUTIONS PVT LTD Asset Management Policy (Ref No: - ISMS/ISPL/5.2/19) is to establish the rules for the control of hardware, software, applications, and information used by INGOLD SOLUTIONS PVT LTD.

Audience

The INGOLD SOLUTIONS PVT LTD Asset Management Policy (Ref No: - ISMS/ISPL/5.2/19) applies to individuals who are responsible for the use, purchase, implementation, and/or maintenance of INGOLD SOLUTIONS PVT LTD Information Resources

Policy

Hardware, Software, Applications, and Data

- All hardware, software and applications must be approved and purchased by INGOLD SOLUTIONS PVT LTD IT.
- Installation of new hardware or software, or modifications made to existing hardware or software must follow approved INGOLD SOLUTIONS PVT LTD procedures and change control processes.
- All purchases must follow the defined INGOLD SOLUTIONS PVT LTD (Technology) Purchasing Standard.
- Software used by INGOLD SOLUTIONS PVT LTD employees, contractors and/or other approved third parties working on behalf of INGOLD SOLUTIONS PVT LTD, must be properly licensed.
- Software installed on INGOLD SOLUTIONS PVT LTD computing equipment, outside of that noted in the INGOLD SOLUTIONS PVT LTD Standard Software List, must be approved by IT Management and installed by INGOLD SOLUTIONS PVT LTD IT personnel.
- Only authorized cloud computing applications may be used for sharing, storing, and transferring confidential or internal information.
- The use of cloud computing applications must be done in compliance with all laws and regulations concerning the information involved, e.g. personally identifiable information (PII), protected health information (PHI), corporate financial data, etc.
- Two-factor authentication is required for external cloud computing applications with access to any confidential information for which INGOLD SOLUTIONS PVT LTD has a custodial responsibility.
- Contracts with cloud computing applications providers must address data retention, destruction, data ownership and data custodian rights.
- Hardware, software, and application inventories must be maintained continually and reconciled no less than annually.
- A general inventory of information (data) must be mapped and maintained on an ongoing basis.

- All INGOLD SOLUTIONS PVT LTD assets must be formally classified with ownership assigned.
- Maintenance and repair of organizational assets must be performed and logged in a timely manner and managed by INGOLD SOLUTIONS PVT LTD IT Management.
- INGOLD SOLUTIONS PVT LTD assets exceeding a set value, as determined by management, are not permitted to be removed from INGOLD SOLUTIONS PVT LTD's physical premises without management approval.
- All INGOLD SOLUTIONS PVT LTD physical assets exceeding a set value, as determined by management, must contain asset tags or a similar means of identifying the equipment as being owned by INGOLD SOLUTIONS PVT LTD.
- Confidential information must be transported either by an INGOLD SOLUTIONS PVT LTD employee or a courier approved by IT Management.
- Upon termination of employment, contract, or agreement, all INGOLD SOLUTIONS PVT LTD assets must be returned to INGOLD SOLUTIONS PVT LTD IT Management.

Mobile Devices

- INGOLD SOLUTIONS PVT LTD does not allow personally owned mobile devices to connect to the INGOLD SOLUTIONS PVT LTD corporate internal network.

OR

- The use of a personally owned mobile devices to connect to the INGOLD SOLUTIONS PVT LTD network is a privilege granted to employees only upon formal approval of IT Management.
- Mobile devices used to connect to the INGOLD SOLUTIONS PVT LTD network are required to use the approved Mobile Device Management (MDM) solution.
- Mobile devices that access INGOLD SOLUTIONS PVT LTD email must have a PIN or other authentication mechanism enabled.
- Confidential data should only be stored on devices that are encrypted in compliance with the INGOLD SOLUTIONS PVT LTD Encryption Standard.
- All mobile devices should maintain up-to-date versions of all software and applications.

Media Destruction & Re-Use

- Media that may contain confidential or internal information must be adequately obscured, erased, destroyed, or otherwise rendered unusable prior to disposal or reuse.
- Media reuse and destruction practices must be conducted in compliance with INGOLD SOLUTIONS PVT LTD's Media Reuse and Destruction Standards.
- All decommissioned media must be stored in a secure area prior to destruction.
- Media reuse and destruction practices must be tracked and documented.
- All information must be destroyed when no longer needed, included encrypted media.

Backup

- The frequency and extent of backups must be in accordance with the importance of the information and the acceptable risk as determined by the information owner.
- The INGOLD SOLUTIONS PVT LTD backup and recovery process for each system must be documented and periodically reviewed according to the defined review schedule.
- The vendor(s) providing offsite backup storage for INGOLD SOLUTIONS PVT LTD must be formally approved to handle the highest classification level of information stored.

- Physical access controls implemented at offsite backup storage locations must meet or exceed the physical access controls of the source systems. Additionally, backup media must be protected in accordance with the highest INGOLD SOLUTIONS PVT LTD sensitivity level of information stored.
- A process must be implemented to verify the success of the INGOLD SOLUTIONS PVT LTD electronic information backup.
- Backups must be periodically tested to ensure that they are recoverable in accordance with the backup standard.
- Multiple copies of valuable data should be stored on separate media to further reduce the risk of data damage or loss.
- Procedures between INGOLD SOLUTIONS PVT LTD and the offsite backup storage vendor(s) must be reviewed at least annually.
- Backups containing confidential information must be encrypted in accordance with the Encryption Standard
- Signature cards held by the offsite backup storage vendor(s) for access to INGOLD SOLUTIONS PVT LTD backup media must be reviewed annually or when an authorized individual leaves INGOLD SOLUTIONS PVT LTD.
- Backup tapes must have at a minimum the following identifying criteria that can be readily identified by labels and/or a bar-coding system:
 - System name
 - Creation Date
 - Sensitivity Classification
 - INGOLD SOLUTIONS PVT LTD Contact Information
